## Professional Summary

Dedicated Full Stack Java Developer with strong proficiency in **JAVA** for backend development and **HTML, CSS** for frontend design and Database **MySQL**. Skilled in building responsive web applications, integrating APIs, and writing clean, efficient Java code. Eager to contribute to innovative projects and grow in a collaborative development environment.

## Education

**Annamacharya Institute of Technology and Sciences, Rajampet**

Bachelor of Technology in Civil Engineering | CGPA: 8.54 | Graduation: 2024

**Sri Shiridi Sai junior college, Rajampet.**

Board of Intermediate Education | CGPA: 7.89 | Year: 2020

## Projects

**Ahaar.in (is a full-stack Java web application for browsing restaurants)**

**Online Food Ordering System:** Developed a **full-stack Java web application** using **Servlets, JSP, JDBC, and MySQL** following the **DAO pattern**. Implemented core features including **user authentication, restaurant & menu browsing, cart management, and checkout flow**. Designed with **MVC architecture** for maintainability and scalability. Currently includes a **simulated payment success page** to demonstrate the order completion process (without actual payment authentication).
